Critical Incident Management Policy

Date of policy review

This Policy was reviewed by the Board of Management of Presentation Secondary School, Listowel

CRITICAL INCIDENT MANAGEMENT POLICY

The key to managing a critical incident is planning. Schools are strongly advised to develop a policy in relation to critical incident response. NEPS also encourages schools to develop a Critical Incident Management Plan, outlining who will do what in the event of a tragedy.

The templates outlined below are designed as an aid to schools in drawing up a policy and plan. Each school will need to look at its own particular context and circumstances and draw up its own unique policy and plan. Additional guidance is contained in Responding to Critical Incidents Guidelines and Resource Materials for Schools (2016) R19-21 P.79-90.

Presentation Secondary School Listowel aims to protect the well-being of its students and staff by providing a safe and nurturing environment at all times.

MISSION STATEMENT

Context

Ours is a Presentation secondary school, inspired by the vision of Nano Nagle, and in response to her we welcome and cherish all our students irrespective of ability or background.

We aim to develop a vibrant community based on Gospel values such as justice, truth and honesty, in accordance with the ethos of the school and our agreed Code of Behaviour.

Mission

We aim to assist in the development of the full potential of each person in a vibrant, inclusive, and safe environment, where the dignity of each member of our school community is recognised, affirmed and valued.

Inspired by these values we dedicate ourselves to the continued development of our Presentation School.

The Board of Management, through Katerina Broderick, Principal has drawn up a Critical Incident Management Plan as one element of the school's policies and plans.

Review and Research

The CIMT have consulted resource documents available to schools on www.education.ie and www.nosp.ie including:

- Responding to Critical Incidents Guidelines and Resources for Schools (NEPS 2016)
- Suicide Prevention in Schools: Best Practice Guidelines (IAS, National Suicide Review Group (2002)
- Suicide Prevention in the Community - A Practical Guide (HSE 2011)
- Well-Being in Post-Primary Schools Guidelines for Mental Health Promotion and Suicide Prevention (DES, DOH, HSE 2013)

Define what you mean by the term ‘critical incident’

The staff and management of **Presentation Secondary School Listowel** recognise a critical incident to be “an incident or sequence of events that overwhelms the normal coping mechanism of the school”. Critical incidents may involve one or more students or staff members, or members of our local community. Types of incidents might include:

- The death of a member of the school community through accident, violence, suicide or suspected suicide or other unexpected death
- An intrusion into the school
- An accident involving members of the school community
- An accident/tragedy in the wider community
- Serious damage to the school building through fire, flood, vandalism, etc
- The disappearance of a member of the school community

Aim

The aim of the CIMP is to help school management and staff to react quickly and effectively in the event of an incident, to enable us to maintain a sense of control and to ensure that appropriate support is offered to students and staff. Having a good plan should also help ensure that the effects on the students and staff will be limited. It should enable us to affect a return to normality as soon as possible.

Creation of a coping supportive and caring ethos in the school

We have put systems in place to help to build resilience in both staff and students, thus preparing them to cope with a range of life events. These include measures to address both the physical and psychological safety of the school community.

Physical Safety

- Evacuation plan formulated
- Regular fire drills occur
- Fire exits and extinguishers are regularly checked
- Pre-opening supervision in the school
- Supervision of students in the building at all times

Psychological Safety

The management and staff of Presentation **Secondary School Listowel** aim to use available programmes and resources to address the personal and social development of students, to enhance a sense of safety and security in the school and to provide opportunities for reflection and discussion.

- Social, Personal and Health Education (SPHE) is integrated into the work of the school. It is addressed in the curriculum by addressing issues such as grief and loss; communication skills; stress and anger management; resilience; conflict management; problem solving; help-seeking; bullying; decision making and prevention of alcohol and drug misuse. Promotion of mental health is an integral part of this provision
- Helping Hands Programme
- Staff have access to training for their role in SPHE
- Staff are familiar with the Child Protection Guidelines and Procedures and details of how to proceed with suspicions or disclosures
- Books and resources on difficulties affecting the primary/post primary school student are available
- Information is provided on mental health in general and such specific areas as signs and symptoms of depression and anxiety
- Staff are informed in the area of suicide awareness and some are trained in interventions for suicidal students
- The school has developed links with a range of external agencies – list these agencies
- Inputs to students by external providers are carefully considered in the light of criteria about student safety, the appropriateness of the content, and the expertise of the providers. See DES Circulars 0022/2010 (Primary) or 0023/2010 (post-Primary)
- The school has a clear policy on bullying and deals with bullying in accordance with this policy
- There is a care system in place in the school using the "Continuum of Support" approach which is outlined in the NEPS documents published on 2007 for primary schools and 2010 for post primary schools. See also Student Support Teams in Post Primary Schools (2014). These documents are available on www.education.ie
- Students who are identified as being at risk are referred to the designated staff member (e.g., guidance counsellor or support teacher), concerns are explored and the appropriate level of assistance and support is provided. Parents are informed, and where appropriate, a referral is made to an appropriate agency. (*Edit*a summary of this support is set out in R 23)
- Staff are informed about how to access support for themselves.

Confidentiality and good name considerations

Management and staff of **Presentation Secondary School Listowel** have a responsibility to protect the privacy and good name of people involved in any incident and will be sensitive to the consequences of public statements. Members of school staff will bear this in mind, and seek to ensure that students do so also, e.g., the term 'suicide' will not be used unless there is solid information that death was due to suicide, and that the family involved consents to its use. The phrases 'tragic death' or 'sudden death' may be used instead. Similarly, the word 'murder' should not be used until it is legally established that a murder was committed.
